## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed September 28, 2004 have been fully considered but they are not persuasive. The applicant has made minor amendment that fall within the scope of the previously cited prior art. The Examiner disagrees with the assertion that Walker, Johnson and Ludgren, alone or in combination do not disclose or suggest the limitations enunciated by the applicant in the 3<sup>rd</sup> paragraph at the bottom of page 8. "providing from the seller...the information includes at least one condition about a least one contingency...." Walker suggests that a seller may provide modified conditions/counteroffers before binding the CPO (see Walker, col. 22, ll. 40+). This falls within the definition of a contingency (although not explicitly enunciated by Walker). The Examiner also provided reasoning of how Walker could be readily modified by Johnson's latest technology to provide a contingency condition. Such reasoning could be an obvious extension of the teachings of Walker to include information provide by seller since Walker does use sellers input conditions within the negotiation process. Thus the combination of Walker, Johnson and Ludgren does suggest the limitations enunciated by the applicant and would be an obvious expedient well within the ordinary skill in the art.

***Conclusion***

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
